

"Create a worksheet for 8-9-year-olds to practice converting analog clock readings into digital time. Include problems with analog clock images and ask students to write the corresponding digital time. Provide a brief description of the clock images. Do not include answers."

Educational Worksheet: Converting Analog Clocks to Digital Time

Name:_____ Date:_____

Clock Image Description:

This worksheet will help you practice converting analog clock readings into digital time. The clock images provided have two clock hands:

- * The shorter hand is the hour hand.
- * The longer hand is the minute hand.

Instructions:

Look at the analog clock below and write down the corresponding digital time.

[Image of an analog clock showing a specific time]

1. Analog Time: _____
Digital Time: _____
