

Design a worksheet for 8-9-year-olds to practice matching analog clock images to digital time. Provide a series of analog clocks, and ask students to draw lines to connect each analog clock to its corresponding digital time. Include a brief description of the clock images. Do not include answers."

Educational Worksheet: Matching Analog Clocks to Digital Time

Name: _____ Date: _____

Clock Image Descriptions:

This worksheet will help you practice matching analog clock images to the corresponding digital time. Each analog clock image represents a specific time with two clock hands:

- The shorter hand is the hour hand.
- The longer hand is the minute hand.

Instructions:

Draw lines to match each analog clock to the correct digital time.

Analog Clock Images:

[Image of an analog clock showing a specific time]

Digital Times:

1. 4:15
2. 9:30
3. 11:45
4. 2:00
5. 6:20
6. 1:55
7. 10:10
8. 7:30
9. 3:45
10. 8:05

Match each analog clock to the correct digital time by drawing lines to connect them.
