

Create an educational worksheet for 8-9-year-olds that involves understanding the seasons and calendar months. Provide a blank calendar template with spaces for the months of the year. Ask students to label each month with the appropriate season (e.g., December labeled as winter, June labeled as summer). Additionally, encourage students to mark holidays and events associated with each season. Include a brief description of the calendar layout and instructions for visual engagement. Do not include answers."

Educational Worksheet: Seasons and Calendar Months

Name:_____ Date:_____

Calendar Layout:

Below is a blank calendar template for the months of the year. Your task is to label each month with the appropriate season (e.g., December as winter, June as summer) and mark holidays and events associated with each season.

markdownCopy code

January	February	March
<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>
April	May	June
<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>
July	August	September
<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>
October	November	December
<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div></div>

Instructions:

- 1. Label each month with the appropriate season by writing the season's name below the month.
- 2. Mark holidays and events that you associate with each season on the calendar.

Visual Engagement:

- Use different colored pencils or markers to label the seasons and mark holidays/events.
- Think about the weather and activities that happen in each season as you complete the calendar.

Have fun filling in the calendar and learning about seasons and months!
