

Design an educational worksheet for 8-9-year olds to practice reading analog clocks. Include a problem like 'Look at the clock. What time does it show?' and provide an image of an analog clock. Write a brief description of the clock image for visual engagement. Do not include answers."

Educational Worksheet: Reading Analog Clocks

Name:_____ **Date:**_____

Clock Image Description:

This worksheet will help you practice reading analog clocks. The clock image provided has two clock hands:

- * The shorter hand is the hour hand.
- * The longer hand is the minute hand.

Instructions:

Look at the analog clock below and answer the question.

[Image of an analog clock showing a specific time]

1. Look at the clock. What time does it show?

[Blank space for your answer]

1. Study the clock carefully. Can you tell me the time it's displaying?

[Blank space for your answer]

1. Examine the clock's hands. What time is indicated on the clock?

[Blank space for your answer]

1. Analyze the clock image. What time do you see on the clock?

[Blank space for your answer]

1. Focus on the clock's face. Can you figure out the time it's showing?

[Blank space for your answer]

1. Pay attention to the clock hands. What is the time according to the clock?

[Blank space for your answer]

1. Concentrate on the clock. What time is represented by the clock hands?

[Blank space for your answer]

1. Observe the clock closely. What is the time according to the clock?

[Blank space for your answer]

1. Look at the clock image. Can you determine the time it's displaying?

[Blank space for your answer]

1. Carefully analyze the clock and write down the time it represents.

[Blank space for your answer]

Practice reading analog clocks and answering questions about the time shown on the clock image!
